All of the farm animals wandered off and now they are lost! It's up to you and Dora to find them and bring them back to the farm safely. Will you help? ¡Muy bien!

**Dora the Explorer:** Barnyard Buddies is a single player game in which you play as Dora (with some help from Boots, Map and Backpack) and try to find the missing farm animals that have wandered away from the farmyard. Along the way you will meet lots of Dora's friends like Tico. But you'll have to watch out for Swiper the fox and the Grumpy Old Troll, who will make your journey more challenging.

With Dora, you will explore many different environments to find the eight lost barnyard buddies. Guide Dora through each new area while figuring out how to cross wide rivers or make your way through winding mazes... while counting, recognizing colors and even speaking Spanish!

### OPTIONS

Look at some game options, and change the settings if you like.

## Environments

How will we find the lost farm animals?  
Who do we ask for help when we don't  
know which way to go? Map!

At the beginning of each level, Map will  
show you the three locations to which  
you'll need to travel to locate a  
missing barnyard buddy. Sometimes  
there are obstacles to avoid or puzzles  
to solve before you will be able to get  
to the next location on the map.

All of the environments will have fun places to play in and explore.

## Explore all the exciting environments!

Run through the beautiful  
Butterfly Garden.

Catch stars as you go!

Jump over logs.

Use "bouncy spots" to  
catch out-of-reach stars.

## The Missing Barnyard Buddies

Your goal is to get all of the missing farm animals back home safely. Once you've found Mrs. Cow, she will explain how the animals wandered off and then you will be able to start your adventure. You will need to explore the different areas and find the (three) locations that Map describes in order to find each of the animals. Once you have found one, you can then continue to the next area to find the next one.
